Peoples' Friendship University of Russia

Greetings from Jinan University, Guangzhou, China,

I am very delighted to read the exciting news that PFUR will be celebrating 55th anniversary on 5-7 February. Please allow me to extend my heartfelt congratulation to you.

PFUR is our best and oldest friend in Russia. For decades, PFUR colleagues have dedicated to making PFUR an excellent institute of higher education. I firmly believe that PFUR will be led to new heights and achieve more success and home and abroad.

It was far back in the year 2003 that Jinan University established a partnership with PFUR. Since then, the two universities keep very close relations and deep friendship by frequent visits and exchanging students and faculty members. I sincerely hope that PFUR and Jinan could continue this productive relationship in the years ahead.
