Moscow, Republic of Russia

Tuesday, 3rd February 2015

Dear Prof. Filippov,

I take this opportunity on the occasion of the 55th anniversary of the founding of your highly esteemed University, to express my deepest congratulations for this milestone. To be sure, the Peoples' Friendship University of Russia has contributed greatly to mind awakening and enlightenment for having afforded educational opportunities to countless students in countries of Asia, Africa, Latin America and beyond.

All institutions of higher learning, including our own LIU, can draw inspiration from the historical experience and expertise of your University. Perhaps we can broach the possibility for mutual cooperation and collaboration.

May the years to come bring further success to your endeavors.

Sincerely,

Abdul Rahim Mourad
President
Lebanese International University
